

WHAT IS THE REGENEXX PROVIDER PATIENT REGISTRY?

The Regenexx Provider Patient Registry is a clinical database that contains the voluntary survey responses from patients who opted for a procedure using Regenexx injectates.

HOW DOES THE REGISTRY WORK?

Survey responses are collected and studied by the Regenexx research team. This effort supports our ability to innovate in the field of regenerative medicine.

With your permission, treatment outcomes anonymously become part of overall reported results data. Your responses help future Regenexx candidates make decision about their orthopedic care.

**WE TAKE YOUR
PRIVACY SERIOUSLY.**

Your personal health information remains strictly confidential and will never be sold. The Registry study protocol is reviewed and approved by the International Cellular Medicine Society IRB. You may choose to end your participation at any time.

BASELINE

Before treatment you complete your first survey.

This baseline survey helps provide a starting point for comparing your progress over time.

TAKES
5-15 MINUTES

SURVEYS

After treatment, you receive one survey every few months and then annually.

These surveys check in on how you are feeling and ask you about changes in the area(s) treated.

Responses are appreciated and voluntary. You may choose to end your participation at any time.

TAKES
5-15 MINUTES

RESULTS

See your progress change over time and get a copy of your responses for you records.

With your permission, treatment outcomes anonymously become part of overall reported results data.

Your responses help future Regenexx candidates make decision about their orthopedic care.
